RATIONALE

The rationale of publishing a newsletter is to attune the institution to the marvellous developments in the academic field. The college is no more an isolated entity. It has many ramifications. The college like other HEIs operates within a wider ambit of national, regional and societal expectations.

The advancement of Science and Technology and its impact on education has altered many traditional norms and methods of rendering higher education. It is the duty of the college to adequately attune the campus community to the day to day activities and practices of the college. Performance is a part of effective enrichment of the academics. It must be properly enlisted and documented in order to share the teaching-learning experiences. Performance is always subjected to changes and it is essential to support the changes with documentation.

Performance may be manifold, marvellous and magnificent. But if it is not supported with evidence it makes no sense and is relegated to oblivion in the course of time. The newsletter, 'Astra' is a periodical document of our performance.

Chief Editor

EDITORIAL

The Newsletter 'Astra' is the embodiment of post first cycle NAAC accreditation of the college in November-2017. The assessment and accreditation by NAAC has been a marvellous experience and a fabulous exposure as far as the campus activities are concerned. It has indeed been an attestation of the academic performance of the college.

Higher Education Institutions are mushrooming in the country. But the quality of Higher Education is continuously witnessing deterioration and decadence. The institutions do not register corresponding internal growth inspite of many agencies to monitor and promulgate programmes and policies. There is a stark dilution of standards.

The National Assessment and Accreditation Council is aware of the agonizing situation and the deplorable condition of many higher education institutions. The NAAC has stipulated stringent criteria to evaluate the holistic development of the colleges.

NAAC assessment of our college was held in the month of November-2017. The Peer Team members visited the college on 13 & 14 November and adjudged the institution from various angles on the basis of the Self-Study Report submitted by the college. After deep study and observation & multilevel interaction with various stake holders and beneficiaries the college was awarded 'B' grade in the first cycle.

Now it is upto the college to enhance the grade by multipronged activities at various levels. It must now focus on the points where the college is lagging. Quality enhancement must be the primary aim of the college. There must be focus on teachers quality improvement, research activities, publications, creative performance, socially useful productive works and innovative practices.

The Newsletter is a means to promote activities as well as creativities of the staff and the students. The campus must focus on individual as well as collective performance. The second cycle of accreditation will be more rigid, more standardized and more comprehensive. Hence there is no scope for complacency. Hardwork, planned work and systematic growth must be our motto for the next cycle of assessment and accreditation.

"Tomorrow to fresh woods and pastures new" as John Milton wrote, the college must move forward towards progress and academic excellence.

Dr. Rajkumari George

College Accredited 'B' by NAAC

The NAAC Peer Team Visit (PTV) was held on 13th and 14th November 2017 consequent upon the submission of the Self Study Report(SSR) by the college. The report prepared meticulously in line with criteria designed by NAAC was closely scrutinized by the peer team members. The peer team was headed by Prof. Dr. Abdul Rahiman. M., Chairman; former Vice Chancellor of Calicut & Kannur Universities; Dr. Aravind Joshi, Member; Dr. M. Edwin Gnanadhas, Member Co-ordinator. The distinguished members minutely verified the veracity of all postulations and averments of the college, held sessions with alumni, parents, teachers, students, management body severally and in groups. They scrutinized all documents and visited all departments. They expressed satisfaction on overall performance. On the basis of their report NAAC executive awarded the college with 'B' grade in the first cycle of assessment and accreditation. It is a remarkable achievement of the college.

Message

First of all my congratulations to all for the successful NAAC accreditation.

It is a matter of great joy to know that the college is going to publish a 'Newsletter' entitled '**Astra**' as a six monthly digest of the college. It is really a welcome and commendable step. I am sure the Newsletter will highlight the various developmental activities of the college. Hence the publication will be useful for future planning.

My best wishes for the success of the Newsletter. May God bless all and the benign benediction of His Holiness be on the institution.

Mulla Ali Asger Takliwala

Director,

Message

The publication of '**Astra**' the Newsletter of the college will be a very salutary step in the development of the college. Already the college has proved its qualitative performance through accreditation by the NAAC. We were able to achieve 'B' grade in the first cycle of assessment and accreditation which is in itself an exceptional achievement. Now our target must be higher and better performance.

I also congratulate all for the magnificent performance during the peer team visit and earlier. The Newsletter will be a mirror of activities and will reflect the multifaced programmes. My congratulations to the chief editor Dr. Rajkumari George and other members of the Board.

Prof. Mumtaz H. Saleem

Principals' words

Dear Parents, Students and Wellwishers

My prayerful greetings, I express my deep sentiments of gratitude to you for your constant support, love and concerns towards the college. This enables and encourages us to strive hard to carry forward the mission of spreading value based knowledge to one and all.

The purpose of the News letter is to acquaint all stake holders of many ongoing and upcoming events, provides a forum for personal performance and perves as a means for campus information.

NAAC accreditations with 'B' grade is milestone of academic excellence and extra curricular performance. You are indeed blessed to find opportunity of being educated at one of the best, institutions of Burhanpur. We create a safe social and physical environment that helps the students to learn and succeed. It is my firm conviction that you would carry the rich values and traditions imbibed here to greater heights.

Education is the vehicle of knowledge, self preservation and success. Education not only gives us platform to succeed but also knowledge of social conduct, strength of character and self respect. Our nation is in a dire need of esteem of human dignity, equality, liberty, fraternity and sincere implementation of the principles of justice for sustainable progress. We have to change ourseleves and change the world to have a vision what we want to achieve. We should take the best from every tradition to build the future together. This news letter will open up new vistas of creativity and pave the way for progressive evaluation of the activities.

Regards

Dr. M.I.R. Khan
