

Saifee Golden Jubilee Quaderia College, Burhanpur

Student Satisfaction Survey(SSS)

A random survey was conducted among the students to ascertain the level of their satisfaction as student's student satisfaction on institutional performance is very important to establish the quality of academic activities as well as extracurricular performance. The following categories from amongst the cross section of the students were included in the survey to make it transparent and democratic. Average 20 students from each class and section including categories below.

1. Students with brilliant academic background and also students with poor and average performance.
2. Boys and girls on equal proportion.
3. Students belonging to different regularity groups such as very regular, very irregular, average etc.
4. Merit holder students.
5. Sports performers.
6. Participants in youth festivals.

After collecting, the questionnaire were assorted according to the headings below.

1. Infrastructure and facilities of the college (A)
2. Teaching and Learning (B)
3. Library and Lab (C)
4. Sports and Extracurricular activities (D)
